11th June 2021

Message from the Headteacher

We have reached the final half term of the year. The last half term was definitely a busy one, especially for our Year 11 pupils who were undertaking their final assessments towards their GCSE grades. I want to take this opportunity to say a huge thank you to this year group for their mature attitude, hard work and positive approach during the last 12 months. They have made us very proud and were able to enjoy their stand down in true Bowland style.

Our aim this half term is to take advantage of the warmer weather to enjoy more outdoor activities with the pupils to enrich their academic year at Bowland, this will include Sports Day for all the pupils as well as the Trig Point Walk and a trip to Waddow Hall for Year 7.

Once again I would like to thank you all for your continued support of the school and the community over the last half term and into this one.

Y10 Countryside & Environment Tree Planting

On Monday 10th May, the Year 10 Countryside and Environment class, along with volunteers from the Rotary association, who also provided the resources, planted 150 trees around the school grounds. The variety of trees included Birch, Oak and Hornbeam and were mainly planted in the school's nature reserve and a corner of the sports field. Once the 4G sports pitch complex has been completed it is hoped that the trees can be moved and be part of the boundary of this exciting development at school.

Managing Feelings of Anger

Handling conflict

If you have a problem with someone, think about what you want to say beforehand and how you want to get your point across. Listen to their point of view and calmly put yours across too.

If you feel your anger levels rising, walk away from a situation to calm down, rather than saying or doing something you might regret later. You can learn to manage your anger and find techniques that work for you.

Careers

Future Career Friday!

Every Friday lunchtime all year groups have a career related presentation for Future Career Friday in their form time.

It is an opportunity for pupils to explore the many different careers available to them once they move on from Bowland High.

So far pupils have looked at:

Careers at Sea

Sport & Football

Farming

All these presentations and links are available on the careers page of the school website for pupils to have another look if anything sparks their interest.

Mrs Burns

Virtual Work Experience for Year 10

Bowland High, along with other Ribble Valley schools, will be running a Virtual Work Experience for current Year 10. This will run from 14th June for a week and take place within certain lessons in school.

It is a fantastic opportunity for our Year 10 pupils to explore the world of work and also talk to professionals in different career areas during a live Q & A session.

They will receive a certificate of attendance for their participation in the Virtual Work Experience.

College Visit

Towards the end of term Year 10 will have the opportunity to visit either Nelson & Colne College or Accrington & Rossendale College on an afternoon during school time

They will get a tour of the facilities and meet staff from different areas who can chat to them about the different courses available at the 2 colleges.

Y11 Stand Down

It was our Y11 pupils' last day at Bowland on Thursday May 27th and we held the traditional stand down celebration. It was a lovely occasion to spend time with Y11 on their last day and to say farewell to them all.

The sun shone and the pupils had their lunch outside on the field, taking photos of each other and enjoying the beautiful surroundings for one last time. Mr Jackson provided the music and Mr Eather provided the sound and visual equipment. Parents sent in baby photos which the pupils all loved seeing in the presentation, along with plenty of photographs of memories of their 5 years with us.

We will miss the whole year group leave, as they are a wonderful group of young people and we wish them all well for their futures.
